Please note :

- The fragility of the Italian energy system is a reality in Sardinia. The electricity standards are only 300 megawatts. As a result, it is not possible to use two appliances at the same time for example. As Italy is not equipped with nuclear power plants, the risk of power cuts or blackouts caused by the hot weather can cause inconvenience. There is no optical fiber in Sardinia, the Internet connection is slow and is often disrupted by the weather. *We would like to inform you of these possible inconveniences that are unfortunately beyond our control.*
- There is no public transport system on the island so we highly recommend hiring a car.

FORMALITIES :

- ID card or passport required for all guests (babies included). Drivers licence not valid.
- Please pay attention to your personal belongings and/or make use of the safe at reception (if applicable) during your stay. Odalys Vacances cannot be held responsible for damage or theft of personal belongings.
